6. Add * marks for required fields.

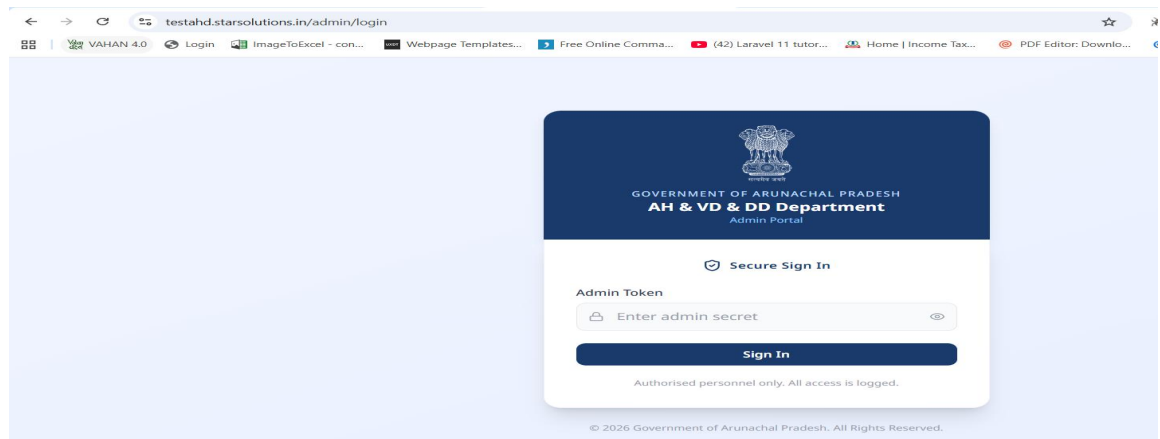

Department of Animal Husbandry, Veterinary & Dairy Development

Arunachal Pradesh AH & VD & DD DEPT

Admin > Users

User Management Refresh
Create State and District logins. District users are linked to a State login.

Add logout button at right top. Most the application like eOffice, Gmail, etc using the same interface. Some people are looking for that only.

After logout this page is open. What does mean Secure Sign In. Please call the correct URL after logout.

Show the Display username instead of Showing the Admin. It creates the confusion.

3 LOGINS

USERNAME	DISPLAY NAME	ROLE	LINKED TO	STATUS	ACTIONS
BR01	—	State	—	Active	
Test	—	State	—	Active	
SARAN01	Saran User 01	District	BR01	Active

Linked State Login:

1. Here I am currently logged in the the sate user BR01. And I am able to delete or change the password of other state User. Logically not correct as per my opinion.
2. Also I am able to delete my state account as BR01. Is correct..?. It is okay to change the password or email ID.
